Dear Parent/Guardian,

As your child’s health care partner, Fidelis Care is writing to tell you about a change in how family planning and reproductive health services will be provided, effective on January 1, 2019.

**Starting January 1, 2019, your child’s family planning and reproductive health benefits will transition to Fidelis Care. There are no changes to your child’s covered family planning and reproductive health benefits. Your child can still use his/her Fidelis ID card.**

Fidelis Care covers family planning services, which consist of contraceptive drugs or devices or generic equivalents approved as substitutes by the FDA and prescribed by a Provider, counseling on the use of contraceptives and related topics, and sterilization procedures for women.

Fidelis Care covers medically necessary abortions.

Your child does not need a referral from his/her Primary Care Provider to access these services.

All of the costs for these services are covered. You do not have to make any payments except your monthly family premium contribution, if you have one, for these covered services.

Fidelis Care’s provider network for family planning and reproductive health services is on our website at [fideliscare.org/FindADoctor](http://fideliscare.org/FindADoctor). If your child’s current provider or pharmacy is not in the Fidelis network, your child may continue to use them for a period of 90 days, or, if your child is pregnant, for 60 days post-partum.

Fidelis Care’s formulary is on our website at [fideliscare.org/MemberResources](http://fideliscare.org/MemberResources).

Enclosed please find a copy of the updated information on family planning and reproductive health services benefits. Please keep this important update with your Fidelis Subscriber Contract.

If you have any questions, please call Member Services at 1-888-FIDELIS (1-888-343-3547) (TTY: 711) Monday through Friday from 8:30AM to 6PM.

We are here to help and to answer any questions you may have.

Sincerely,

Vincent Marchello M.D.
Chief Medical Officer
