COVID-19 UPDATE
Please refer to this link: Important Updates Regarding Coronavirus COVID-19, for authorization and coding guidelines related to the COVID-19 Pandemic.

I. Inpatient Admissions: All inpatient admissions require an authorization.
Fidelis Care does not require authorization of emergency room services or any emergent service required to provide stabilization of an emergent condition. Fidelis Care does require authorization of post stabilization services and inpatient admissions, after emergency room services are completed. All facility admissions are reviewed for medical necessity.

A. All inpatient facility services - Medical, Substance Abuse, and Behavioral Health admissions require authorization.

B. Inpatient Rehabilitation Services: Acute, sub-acute and skilled nursing rehabilitation require authorization.
   1. Acute and sub-acute rehabilitation are authorized, as long as skilled services are provided.

C. Transplants:
All solid organ and bone marrow / tissue transplants require authorization at the time of the transplant evaluation.
Includes but not limited to: 32850-32856, 33930-33945, 38204-38215, 38230-38242, 44133-44136, 47133-47147, 48160, 48550-48556, 50300-50380, 50547, 65710-65757.

D. Elective Surgical Procedures:
Many surgical and medical procedures which are completed within 24 hours will not be approved as an in-patient level of care. These services, when billed as an out-patient level of care, do not require authorization if performed within the Fidelis Care network. Such procedures include, but are not limited to, laparoscopic procedures, and thyroid surgery if completed within 24 hours from the onset of surgery.

E. OASAS Licensed Inpatient Substance Use Disorder Treatment:
Effective 01/01/2020: Inpatient detoxification, inpatient rehabilitation and inpatient residential treatment services (Inpatient SUD) provided by facilities in New York State that are licensed, certified or otherwise authorized by OASAS and participating in Fidelis Care’s
provider network are not subject to prior authorization review by Fidelis Care. In addition, Inpatient SUD services are not subject to concurrent utilization review during the first twenty-eight (28) days of the inpatient admission, provided that the facility notifies Fidelis Care of the inpatient admission and the initial treatment plan within two (2) business days of the admission. The facility may fax or email the OASAS Appendix A Notification Form and OASAS LOCADTR Medical Necessity Tool to 646-829-1421 or LOCADTR@fideliscare.org. All Inpatient SUD services require facilities to perform daily clinical review of the patient. This does not require a facility to conduct a LOCADTR concurrent review module every day. In addition, all Inpatient SUD facilities must periodically consult with Fidelis Care starting on or just prior to the fourteenth (14th) day of treatment to ensure that the facilities are using the LOCADTR tool to ensure that the inpatient treatment is medically necessary for the patient. Inpatient SUD services may be subject to utilization review after the 28th day from admission or upon discharge using the LOCADTR clinical review tool. Prior to the member’s discharge, facilities must provide the member and Fidelis Care with a written discharge plan as determined using the LOCADTR clinical review tool. Further, prior to discharge, facilities must indicate to Fidelis Care whether the services included in the discharge plan are secured or determined to be reasonably available. All services may be reviewed retrospectively to assess the clinical necessity of the care.

Facilities that are outside of New York State, facilities that are not licensed, certified or otherwise authorized by OASAS, and facilities that are outside of Fidelis Care’s provider network, continue to be required to request prior authorization review for Inpatient SUD services. All Inpatient SUD services provided by such facilities are subject to concurrent review throughout the admission.

Providers with questions regarding these changes are encouraged to call Fidelis Care, during regular business hours, at 1-888-FIDELIS (1-888-343-3547), extension 16072 for Behavioral Health.

Effective January 1, 2020, Fidelis Care does not require provider notification, prior authorization, or concurrent authorization review of the following in-network and in-state outpatient substance use services:

- Outpatient office visits, therapy visits, or counseling visits
- Outpatient clinic visits for substance use disorder treatment
- Intensive outpatient treatment programs
- Outpatient rehabilitation treatment
- Opioid Treatment Programs

Out-of-state or out-of-network providers will continue to be required to request authorization for these services.

Fidelis Care will utilize quality and case management oversight initiatives to manage outlier member needs. Providers interested in more detail on this can refer to our message post Behavioral Health Outliers Management Program.
F. Orthopedic Surgical Procedures and Spinal Surgical Procedures, performed in both inpatient and outpatient settings, require prior authorization for dates of service beginning 10/1/2019. Effective for dates of service rendered on or after **12/23/19**, prior authorization has been delegated to TurningPoint Healthcare Solutions, LLC. G. OMH Licensed Inpatient Mental Health Treatment
Effective 01/01/2020: Inpatient mental health treatment for members under age 18 provided by OMH licensed hospitals in New York State that are participating in Fidelis Care’s provider network are not subject to prior authorization review by Fidelis Care. Fidelis Care will not conduct concurrent utilization review during the first 14 days of inpatient admissions provided that the facility: i) notifies Fidelis Care of both the admission and the initial treatment plan within two business days of the admission by completing the OMH developed “Two-Day Notification and Initial Treatment Plan” form and submitting it to Fidelis Care by fax (718-896-1784), or by email to Mental_Health_Admission@fideliscare.org; ii) performs daily clinical review of the patient, and iii) participates in periodic consultation with Fidelis Care to ensure that the facility is using the evidence-based and peer reviewed clinical review criteria utilized by Fidelis Care which is approved by OMH and appropriate to the age of the patient to ensure medical necessity. All services may be reviewed retrospectively using the clinical review criteria of the plan which is approved by the office of mental health.

Inpatient mental health services provided to members age 18 and older require prior authorization review by Fidelis Care and are subject to concurrent review throughout the admission. Out-of-State and Out-of-Network providers continue to be required to request prior authorization review for inpatient mental health treatment for members of all ages. All inpatient mental health services provided by such facilities are subject to concurrent review throughout the admission. Providers with questions regarding these changes are encouraged to call Fidelis Care, during regular business hours, at 1-888-FIDELIS (1-888-343-3547), extension 16072 for Behavioral Health.
